

**Effective December 19, 2019**, TriCore Reference Laboratories will offer three new urine drug screening panels. The focus of these panels is for non-emergency outpatient clinics, including pain management and substance abuse monitoring clinics. Depending on the panel ordered, some or all positive results will also be confirmed using liquid chromatography-tandem mass spectrometry (LC-MS/MS).

<p><b><u>CHRONIC OPIOID PANEL</u></b></p> <p>Test Code: UPAIN <sup>1</sup> Pain Management Scn</p> <p>(screen → confirm positives if indicated)</p>	<p><b><u>SUBSTANCE ABUSE PANEL</u></b></p> <p>Test Code: USAP <sup>2</sup> Substance Abuse Scn</p> <p>(screen → confirm positives if indicated)</p>	<p><b><u>NEW PATIENT PANEL</u></b></p> <p>Test Code: UDSCN <sup>3</sup> Urine Drug Screen</p> <p>(screen)</p>	<p><b><u>NEW PATIENT PANEL</u></b></p> <p>Test Code: UDSCNR <sup>4</sup> Urine Drug Screen with Reflex</p> <p>(screen → confirm positives if indicated)</p>
<p>Benzodiazepines → confirm Buprenorphine Fentanyl Methadone Opiates → confirm Oxycodone</p>	<p>Amphetamines → confirm Benzodiazepines → confirm Buprenorphine → confirm Cocaine Ethyl glucuronide Fentanyl Methadone Opiates Oxycodone</p>	<p>Amphetamines Benzodiazepines Buprenorphine Cocaine Ethyl glucuronide Fentanyl Methadone Opiates Oxycodone Tricyclics Tramadol Zolpidem</p>	<p>Amphetamines → confirm Benzodiazepines → confirm Buprenorphine → confirm Cocaine → confirm Ethyl glucuronide → confirm Fentanyl → confirm Methadone → confirm Opiates → confirm Oxycodone → confirm Tricyclics → confirm Tramadol → confirm Zolpidem → confirm</p>

## NOTES

- <sup>1</sup> The UPAIN panel will automatically perform confirmatory testing on Benzodiazepines and Opiates if they screen positive.
- <sup>2</sup> The USAP panel will automatically perform confirmatory testing on Amphetamines, Benzodiazepines, and Buprenorphine if they screen positive.
- <sup>3</sup> The UDSCN panel will not confirm positives; it is only a screen.
- <sup>4</sup> The UDSCNR panel will confirm all positive screens.
- <sup>5</sup> THC is not included in any of these panels. If screening for THC is needed, test code UTHC can be added to any order.
